Avatar Meher Baba Ki Jai!

2025 SPRING SAHAVAS GUEST VINOD KHILNANI

Vinod Khilnani is a second-generation Baba lover who spent many years in Beloved Baba's company as a child and teenager. His father, Judge Prem Khilnani, had been seeking God and after a long search, met Meher Baba in 1958 at Guruprasad in Poona, India. When Baba returned from the West that year, He invited Prem's wife, Girja, to see Him. Girja had sought God in human form as a child, but it was up to Baba to prove to her that He was just that. And He did. Eventually, the children, Vinod and Raj were brought to Baba. In Baba's natural and loving way, the family became His.

In 1962, Meher Baba invited the Khilnani family to live at the Trust compound as Baba's tenants, and Baba visited their home on many occasions. Vinod believes this was the best time of His life.

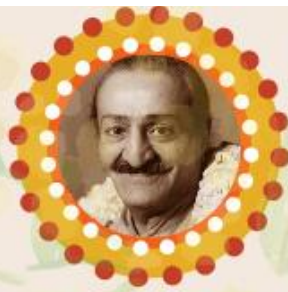

Vinod and his brother Raj attended a convent school, where they heard many stories about Jesus. Vinod became confused and once asked Baba, "You say you are God, but in school the nuns say Jesus Christ is God. Who is the real God?" Baba answered, "Jesus was; I am!"

Vinod recalls, 'I was satisfied with Baba's simple and clear answer and was never confused again'.

After four glorious years, Prem was transferred to Alibagh, a seashore town in Maharashtra. But despite the beauty, they longed to live near Baba. Baba suggested for Prem to apply for a transfer back to Nagar. This was an impossible task since judges are never posted twice at the same spot. Baba touched the application letter and off it went. In return, Prem received a promotion, and because he now held a different title, he came back to Ahmednagar. The family were there for Baba's entombment in 1969 and stayed on in Nagar until 1971.

Vinod will speak about the experiences of His family, anecdotes from Meherabad, Meherabad, the Trust compound and Guruprasad. He will also share his own interactions with Baba as a child and what life with Baba was and is for him. The family received a treasure trove of letters from Beloved Baba that contain messages full of His loving guidance. Vinod loves to reread them and will share from them too.

SPRING SAHAVAS

PROGRAM DETAILS (1)

TALKS:

Over the Spring Sahavas weekend there will be several opportunities for us to immerse in new ideas and stories:

Special guest from Meherabad, India- Vinod Khilnani

Friday 2pm (children), Saturday 9.30am, Sunday 11.15am, Monday 9.30am

Our beautiful guest speaker has been described recently as someone not to be missed: "I have just had a delightful afternoon tea with Vinod. He is a treasure trove of stories of his life and his parent's life with Beloved Baba.

Such occasions are rare these days to hear first-hand stories from someone who has so much to share of Baba.

For Vinod and his family, Baba was the head of the family.

When he talked, every other word he said was Baba. Baba told us to do this, Baba said to do that. He didn't just meet Baba for a Sahavas or two but has years of living close to Baba under His compassionate fatherly direction at the Trust Compound in Ahmednagar at Baba's request. Only a handful of families were given this invitation.

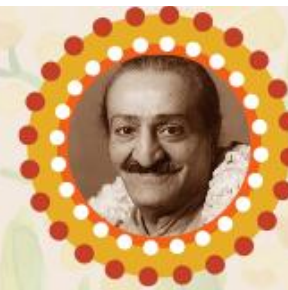

I can't help thinking of the 'young ones' and how much they would be grateful to hear him speak and spend time with such a beautiful soul. Please pass the word around.

I highly recommend not to miss this golden opportunity of spending as much time as possible with Vinod. It won't come around again for 700 years.

He will be a very thoughtful guest and is the real deal!" - Suzie Imura

Daniel Montague- Living Faith

An account of Daniel's personal experience with rescuing a young drowning boy, what he learned from Baba as a result of that experience and his recent years as a carer for his beloved wife Carolyn. Daniel shares with us how he has learned to serve Baba through these experiences.

DISCUSSION GROUPS:

Claire Mataira- Powerless and powerful.

Sunday 2.30pm

Claire facilitates a subject that affects all of our lives, power and powerlessness in various personal and collective relationships, touching on community harmony and conflict resolution, how division is managed, and what beautiful ways we have that can bring these inner experiences and relationships back to Baba.

Lila Isaacs- Reading and interpreting the Masters Prayer

Sunday 3.30pm

Lila will lead us in a fun and thoughtful deep dive into the beautiful Master's Prayer that Meher Baba left us. A prayer that He said would contain His physical presence whenever 2 or more are gathered to recite it.

In this discussion group we will read through the prayer line for line together, with the intention of noticing any words or lines that may jump out or touch our hearts.

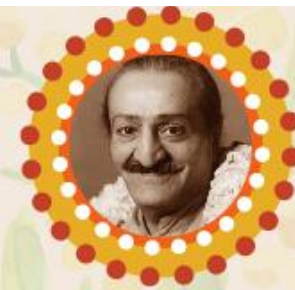

We can read it together, share our interpretations of definitions or any feelings that may come up or feel special to us.

This experience could really deepen all of our experience with the Master's Prayer both individually and as a shared experience in the future as we would all have new meanings and associations with it.

Panel of Living legends- Vinod Khilnani, Michael le Page and Bernard Bruford

Monday 9.30am

These 3 characters had the good fortune to spend time with Baba as children or teenagers, and will share a lively panel of Q and A and stories on their days with Baba.
